Includes weekend and holidays.

If a course is cancelled for any reason, student will receive a 100% refund.

Failure to withdraw from a course in which one is officially registered but does not complete will result in a grade of F or No Credit.

Refunds are based on the date when the official withdrawal is received in the Extended Education office. If you need to drop a class, you may do so via your myCSUB account, in-person, email, fax or mail through the Extended Education office, (661) 654-2441. The day you drop online or when the form is received is the official date of withdrawal and determines the amount of refund, if any. Allow up to six weeks for refunds to be processed. If you do not receive your refund by that time, please call the Extended Education office at 661.654.2441. A delay in dropping online or submitting required forms may result in a reduced refund and/or subject to $25 administrative fee.
CSUB STUDENT EMAIL

All CSUB students will be assigned an official university email account once they register for their first course. All correspondence between the university and students will be conducted through the assigned accounts. Students are responsible for checking this email regularly. For assistance with your CSUB email account, please contact the Help Desk at 661.654.2307.

Social Security Numbers

Students are required to provide the University with their correct social security numbers (individual taxpayer identification numbers) pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code. The University uses the social security number to identify records pertaining to the student and, if needed, to collect debts owed to the University. Also, the Internal Revenue Service requires the University to file information returns that include the student’s social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether a student or a person claiming a student as a dependent may take credit or deduction to reduce federal income taxes. Students who do not have a social security number at the time of enrollment will be required to obtain a social security number and submit it to the University within sixty (60) days. Failure to supply a correct social security number may result in the imposition of a penalty by the Internal Revenue Service.
